

Consultation on petition P-03-262 Wales Peace Institute
Response from Awel Jones

It is very important that we in Wales, as in all other countries, have a Peace Institute. Given the current instability of the British economy and the cuts being made across the board in local government and in the health service, wouldn't it make sense to cut expenditure on defence and to focus on caring for the poor in our communities?

I fully support the establishment of a Peace Institute.
