Well-being of Future Generations (Wales) Bill
Response from Louise Weinzweig

Dear Environment and Sustainability Committee,

I support the campaign for a strong Well-being of Future Generations Bill. I would like to see the Bill strengthened by:

- Adding in targets to reduce emissions of greenhouse gases
- Including a strong duty on public bodies to aim to achieve sustainable development in everything they do
- Adding a clear definition of sustainable development
- Properly considering the impact Wales has on people and the environment overseas
- Boosting the powers of the Commissioner and making the role accountable to Assembly Members rather than Welsh Ministers

I would like to see Wales be a world leader on sustainability. Be bold!

Please consider my views as you scrutinise the legislation over the coming weeks.

Yours sincerely
